Subject: Birth Certificate Legalization Exemption for Payal Dam

TCS Confidential

Hi Monika,

Can you give Birth Certificate Legalization Exemption approval for Payal Dam(employee id : 2140852)

2.1 Applicability

- Refer to the table for the requirement of legalized documents on various scenarios.
- To save on time and cost, associates who intend to bring their families are advised to apply altogether for the whole family at the same time. If the family applies together, the family MUST also arrive in the Netherlands together, or not later than two months after the Intra Corporate Transferee(ICT), but before the MVV expires (6 months from the application date).
|
- The Global Mobility Netherlands Visa Team confirms the exception for legalization based on the confirmation from the Onsite Engagement Managers of the respective account teams where the associate would be staying/working. The following Municipalities are exempted from both obtainment of birth certificate and its legalisation for Intra Corporate Transferee(ICT) (employees) and spouse.
 - o Amsterdam
 - o Almere
 - o Hilversum
 - o Haarlem
 - o Amstelveen
 - o Haarlemmermeer
 - o Velsen
 - o Diemen
